

The tools we will use in class today.

At the start of the lesson  
have a student move the  
word next to its  
corresponding picture.

Have the resulting screen  
visible for the class when  
talking about the tools they  
need to use when doing a  
particular task. Point to  
the tool on the screen when  
saying the word.

screwdriver

clamp

hammer

tape measure

Stanley knife
